

Scenic Horseback Riding Adventure Through the Atlas Mountain

Duration 4h

Our horseback riding experience offers travelers a unique journey through the picturesque Atlas Mountains and authentic Berber villages, far from the usual tourist paths. Unlike other rides, we tailor the adventure to your skill level—whether you're a beginner enjoying a gentle, scenic ride or an experienced rider seeking an immersive exploration of local culture. With breathtaking landscapes, the charm of Berber traditions, and carefully cared-for horses, this experience promises not just a ride but a meaningful connection to Morocco's rich heritage.

Descriptions

Embark on a memorable horseback riding adventure in the scenic countryside of Tahnaout, just 30 minutes from Marrakech. Enjoy pickup from your accommodation and a warm welcome at the ranch. After a short safety introduction, set out on a ride through beautiful landscapes — lush valleys, olive groves, and almond orchards. Ride through Berber villages in the Atlas Mountains and discover the local way of life. At the end, visit a women's cooperative to learn about argan oil production and enjoy Moroccan tea in a Berber house before returning to Marrakech. We offer three riding options for every level: • 1-hour ride: Perfect for beginners who want a relaxed experience. • 2.5-hour ride: For riders with experience. If you're not confident or haven't ridden before, this option can be challenging, as it requires keeping rhythm with the group. • 5-hour ride: For experienced riders comfortable spending several hours on horseback and exploring deeper into the Atlas Mountains. This half-day adventure offers the perfect mix of nature, culture, and exploration.
