

Marrakech: Dunes of the Palmeraie Quad Bike Ride with Tea

Duration 3 hours

Explore the jbilel desert, the palm groves wild and rural Berber villages located outside of Marrakech on a quad tour.

Full description

After completing your booking, our team will contact you 24 hours before the activity to confirm all the details, verify your location, and answer any questions you may have. This step ensures that everything is well-organized so you can enjoy a smooth and memorable experience.

On the day of your adventure, your driver will pick you up from your hotel or the agreed meeting point. You'll enjoy a comfortable 20- to 25-minute ride in a tourist minibus to the quad biking area, getting you ready for an exciting journey ahead.

Upon arrival, you'll be welcomed by your guide, who will give you a clear and concise 10-minute briefing on safety instructions and how to operate the quad bike. Once you're geared up with your helmet and protective goggles, you'll be all set to embark on an unforgettable desert ride.

The tour lasts between an hour and a half to two hours, depending on the group's pace. You'll ride through stunning desert landscapes, palm groves, and off-road trails specially designed to suit everyone—whether you're a beginner or an experienced rider.

There will be two planned stops during your adventure:

The first stop will be in a traditional setting, where you'll enjoy authentic Moroccan mint tea with bread and honey—a perfect moment to relax and experience local culture.

The second stop will be among the palm groves, giving you the chance to capture beautiful photos surrounded by nature.

At the end of the tour, your driver will take you back to your original pickup point. If your accommodation is located outside the designated drop-off zone, transportation may not be available, and our team will coordinate with you in advance to find the best possible solution.

Please note that for children under 16 years old, they must either ride with their parents or be accompanied by a guide who will ride with them to ensure their safety.
