Awaken Your Senses with a Timeless Hammam Escape

Leave the city's buzz behind as you're whisked away from your hotel to a hidden sanctuary of calm in Marrakech. At the hammam, you're warmly welcomed by expert female therapists, ready to guide you through a centuries-old ritual of wellness and renewal.

The Moroccan Bath: A Ritual of Renewal

Step into the soothing warmth of the steam room, where the air is rich with the scent of eucalyptus. For 45 minutes, your skin is treated to a deep cleanse using traditional black soap and a kessa glove scrub. This purifying ritual washes away more than just impurities—it melts tension and awakens your natural glow.

Tailored Massage: Where Mind Meets Body

After your skin is refreshed, sink into a 45-minute massage tailored to your body's whispers. Whether you're seeking serenity or restoration, each movement is designed to harmonize body and mind. You'll leave the table feeling lighter, calmer, and deeply nourished.

A Sip of Serenity: Moroccan Tea Moment

Once your treatments are complete, enjoy a quiet moment of reflection with a warm glass of Moroccan mint tea. Let the flavors dance on your tongue as you bask in the peaceful ambiance, carrying the spirit of Morocco with you.

Return Refreshed, Body and Soul

As your experience ends, your driver will escort you back to your hotel. With every step, you'll carry the essence of tranquility, feeling refreshed, renewed, and ready to embrace the rest of your journey.
